Hold on another time is waiting  
For us someplace close  
A gun to the head you made your bed  
And you can't stop the ghosts

I was wrong when I lied  
I was going to tell you  
I was wrong, we were young  
And I can't forget you

I had a dream last night and you were walking all alone  
I couldn't reach you and you slipped away into the  
crowd  
Now all I have is a photo of you smiling at me  
All I want is you here with me and I'll be happy

Hey close the door I'm waiting  
For the light to knock it down  
They say experience will recompense  
What you lost today

I was wrong when I lied  
I was going to tell you  
I was wrong we were young  
And I'll never forget you

I had a dream last night and you were walking all alone  
I couldn't reach you and you slipped away into the  
crowd  
Now all I have is a photo of you smiling at me  
All I want is you here with me and I'll be happy

Oh, I'd do anything

Oh, to have you here again

I had a dream last night and you were walking all alone  
I couldn't reach you and you slipped away into the  
crowd  
Now all I have is a photo of you smiling at me  
All I want is you here with me and I'll be happy
