I know it seems blacker than midnight  
No one knows you, no one to hold tight  
Everything you are isn't what they thought  
Everything you learn isn't what they taught  
Everything is wrong, no you don't belong  
Before you slip hopelessly, cling to me

You can say anything to me  
When you're lost, turn and see  
You know I'll always be here,  
Never let go  
Cling to me. (oh)  
Cling to me. (oh)

When you're too hurt to talk, I am a rock  
Cling to me. (oh)  
Cling to me.

Cold and Dark and running through the streetlights  
Leading someone, and not a soul is in sight  
It's hard inside your head, wishing you were dead  
Always by yourself, calling out for help  
I'm right over here, don't give into fear  
When you are hurt, I bleed.

Cling to me  
You can say anything to me  
When you're lost, turn and see  
You know I'll always be here,  
Never let go  
Cling to me. (oh)  
Cling to me. (oh)

When you're too hurt to talk, I am a rock  
Cling to me. (oh)  
Cling to me.

Oh, before you slip hopelessly  
Cling to me  
You can say anything to me  
When you're lost, turn and see  
You know I'll always be here,

Never let go  
Cling to me. (oh)  
Cling to me. (oh)

When you're too hurt to talk, I am a rock  
Cling to me. (oh)  
Cling to me.
