It wasn't easy back then
It's not easy even now
I'm still wanting you
and when I see you now
it's like i need it even more
forever wanting you
you turn and walk away
and something in me just stays here
like I'm waiting
till the last star
falls and burns
from the sky
as it's falling
it's screaming
for the last time
and it lights the sky up
and we finally see
where we are and where we wanna be
fragmented pictures of you
keep on beating through my head
I'm still needing you
and ?globes? coliding so hard.
they're piling up until I can't speak
just the thought of you
you turn and walk away and
something in me still stays here
like I'm waiting
till the last star
falls and burns
from the sky
as she's falling
she's screaming
for the last time
and she lights the sky up
and we finally see
where we are and where we want to be
(beautiful melody)
waiting
till the last star
falls and burns
from the sky
as she's falling

she's screaming
for the last time
and she lights the sky up
and we finally see
where we are and where we wanna be
