(Verse 1)

Whenever I feel you touchin' me, ooh, ooh, oohee...  
Baby, you got me where I wanna be, can't you see  
Just knowin' you has made my life out of singht  
Make me love you so sweetly  
Make me feel so good completely, yeah...

(Chorus)

Never get enough of your lovin', baby  
Never get enough of your sweet-sweet love  
Never get enough of your lovin', baby  
Never get enough of your love

Never get enough of your kissin', baby  
Never get enough of your sweet-sweet love  
Never get enough of your lovin', baby  
Never get enough of your love

(Verse 2)

I never get tired of the things you do, ooh, ooh,  
oohee...  
And, baby, you always feel brand-new to me  
I feel so good from my head to my toes, don't let go  
But next to you forever feelin' good and so together,  
yeah...

(Chorus)

(Interlude/Instrumental)

Keepin' next to you forever  
Really tune our song together, yeah...

(Chorus/Fade Out)
