Featuring Shari Watson

I know you've seen me watching you  
Girl, you're looking good to me  
I guess that's nothing new  
Except tonight, it's time for me  
To finally make my move  
'Cause everything you do to always  
Keep yourself looking good  
Gonna pay off tonight  
I'll take you to a place (To a place)  
Where I can lay you down  
Show you chivalry  
(Some women don't know what that means)  
And when I take you there (Take you there)  
Don't you be afraid (No, baby)  
Bring your heart to me (Oh... oh... oh... oh...)  
How long has it been  
Since you've been loved the right way  
By the right man  
And the right man is me  
How long has it been  
Since you've been loved the right way  
By the right man  
And the right man is me  
I know you're starting near your pain  
It's all over your face  
That's why I'm not just runnin' game  
I only want to show you what real love is  
All about  
You think you had it all along  
You really been without  
I'll take away all the pain  
I'll take you to a place (To a place)  
Where I can lay you down (Lay you down)  
Show you chivalry  
(Some women don't know what that means)  
And when I take you there (Said I'll take you there)  
Don't you be afraid (Don't you be afraid)  
Bring your heart to me (Give your all to me)  
How long has it been (How long, how long)  
Since you've been loved the right way (Has it been)

By the right man  
And the right man is me (Since you've been touched in  
All the right places)  
How long has it been (Ooh, yeah)  
Since you've been loved the right way  
By the right man  
And the right man is me (Oh, yeah, baby)  
How long has it been  
Since you've been loved the right way (By the right  
Man)  
By the right man (By the right man)  
And the right man is me (Ooh, lady, how long)  
How long has it been  
Since you've been loved the right way (Since you've  
Been touched in all the right places, baby)  
By the right man (Ooh)  
And the right man is me (Baby, tell me how long)  
How Long will I go wrong  
When all I've done was give him my very best  
My very best  
To be happy  
Guess the question is, "How long?"  
Will it take for it to come along  
Are you that someone to call my own  
How long has it been  
Since you've been loved the right way  
By the right man  
And the right man is me (I'm what you're looking for  
Me)  
How long has it been  
Since you've been loved the right way  
By the right man  
And the right man is me (I'm what you're looking for  
Me)  
How long has it been  
Since you've been loved the right way  
By the right man  
And the right man is me (I'm what you're looking for  
Me)  
How long has it been  
Since you've been loved the right way
