I drink, I get drunk and fall on my face  
All my friends tell me I'm a basket case  
I drink, I get drunk and fall on my face

I got so drunk  
I don't remember what happened  
But everybody said  
I had a real good time

I drink, I get drunk and fall on my face  
All my friends tell me I'm a basket case  
I drink, I get drunk and fall on my face

Went to a bar  
I met a guy, he bought me white russians  
I puked outside in the parking lot  
While he tried to kiss me

Seein' blurry  
Talkin' slurry

Feelin' queasy  
This is sleazy

I drink, I get drunk and fall on my face  
All my friends tell me I'm a basket case  
I drink, I get drunk and fall on my face

I went for drinks in hollywood  
Came to somewhere in hawthorne  
Broke up a bush, drove into a tree  
And rolled down a hill with my mouth wide open

Seein' blurry  
Talkin' slurry  
Feelin' queasy  
This is sleazy
