

## L70ETC "The Power Of The Horde"

Visit "[The Power Of The Horde](#)" on MotoLyrics.com

Storm, earth, and fire  
Heed my call

I am the son of the wind and rain  
Thunder beckons and I heed the call  
And if die upon this day  
In battle I will fall  
Hear me brothers, gather up the wolves  
To battle we will ride  
War drums echo the beating heart  
Pounding from inside

[Chorus]  
STORM!  
Black clouds fill the sky  
EARTH!  
Hear my battle cry  
FIRE!  
Thunder will bring forth...  
DEATH!  
From the power of the Horde

Far seer to the Warsong clan  
To no man will I yield  
Feel the power and the energy  
For the black god, honor, and steel  
I feel the fire burning in my veins

Lightning strikes at my command  
With storm and earth, axe and fire  
We've come to claim this land

[Chorus]

Surrounded by the enemy  
The wolf among the hounds  
Thunder turns to silence, it took...  
A hundred to bring me down  
War-brothers falling at my side  
With honor I will die  
Upon the altar of the stones  
I will be reborn

STORM!  
Black clouds fill the sky  
EARTH!  
Hear my battle cry  
FIRE!  
Thunder will bring forth...  
DEATH!  
For I have been reborn!

STORM!  
EARTH!  
FIRE!  
DEATH!

The power of the Horde!
