The easy part's over now  
It's time to cry  
The easiest part of all  
Was saying goodbye

The easy part's over now  
And you are gone  
Now comes the hardest part  
Living alone

Time is the only friend  
That I have left here with me  
But can those healing hands of time  
Erase your memory  
The easy part's over now  
We've come to the end  
The easy part's over now  
And the hard part begins

Time is the only friend  
That I have left here with me  
But can those healing hands of time  
Erase your memory

The easy part's over now  
We've come to the end  
The easy part's over now  
And the hard part begins
