(Danny Dunn - Richard Root)

You're goin' searchin' for somethin' that I hope
someday you'll find
I'm not sayin' I want you to leave but I won't try and
change your mind
That would be only thinkin' of me what a selfish thing to
do
Should you ever come up downhearted remember what
I'm tellin' you.

It's a cold cold world out there you won't find roses
bloomin' everywhere
I realize that somethin' inside tellin' you you've got to
be free
You learn that life and reality won't be ev'rything you
want it to be
So try your wings and if you fall you can fall back on
me.

Don't give your heart to the drifter he's only a one
nightstand
Turn away from the madam in red she'll use you if she
can
I can give you these words of advice but I can't tell you
what to do
Should you ever come up downhearted remember that
I still love you.

It's a cold cold world out there you won't find roses
bloomin' everywhere
I realize that somethin' inside tellin' you you've got to
be free
You learn that life and reality won't be ev'rything you
want it to be
So try your wings and if you fall you can fall back on
me.

So try your wings and if you fall you can fall back on
me...
