(John Schweers)

I don't just love you, I live you
Where I'm concerned nothing comes before you
If I had ten lifetimes every one I'd give you
No, I don't just love you
No, I don't just love you, I live you.

Every moment with you makes a memory
When I stumble you're the reason I don't fall
My life is what you make it and you make it beautiful
Words can't describe you but love said it all.

'Cause I don't just love you, I live you
Where I'm concerned nothing comes before you
If I had ten lifetimes every one I'd give you
No, I don't just love you
No, I don't just love you, I live you...
