I think I'll take a boat and sail the ocean and spend my  
life just roaming on the sea  
And kiss the girls from Panama to China then she'll be  
sorry she mistreated me  
I think I'll take a walk and think it over cause things are  
gettin' tougher for me here  
Now that someone else has come between us I think I'll  
take a walk and disappear  
[ steel ]  
I'll think about the way it makes me jealous to see her  
walking arm in arm with him  
I'll think about the stars up in the heaven and wish that I  
could be on one of them  
I think I'll take a walk just to forget her and walk about a  
million miles from here  
I have a notion to just be a rambler I think I'll take a walk  
and disappear
