(Ben Peters)

I was such a lonely man till you came and took my hand  
I needed someone's love to see me through  
I waited all my life it seems to find the answer to my  
dreams  
And darling I'm so glad that it was you.

It seems the road's been rough at times we didn't even  
have a dime  
But through it all your love was strong and true  
And I remember through those years a gentle hand  
would dry my tears  
And darling I'm so glad that it was you.

If I had a chance to live my life again  
I could only take it if I knew  
You would stand beside me then just the way you've  
always been  
'Cause darling I'm so glad that it was you.

--- Instrumental ---

If I had a chance to live my life again  
I could only take it if I knew  
You would stand beside me then just the way you've  
always been  
'Cause darling I'm so glad that it was you.

Yes darling, I'm so glad that it was you...
