(Jerry Foster - Bill Rice)

Though the sun's gonna come up tomorrow
And I'm gonna live to see it shine
I won't stop living just because you're leaving
It's just a matter of making up my mind.

My world will keep turning without you
Somehow I'll forget you in time
If not today then I will some day
It's just a matter of making up my mind.

I can survive and get over you
Perhaps not now but there'll come a time
For I can do anything that I have to do
It's just a matter of making up my mind.

It's just a matter of making up my mind...
