Her hair should be a little darker and her eyes should  
be a deeper blue  
She's not perfect but I'm happy I found her  
Cause she's as close as I can get to loving you  
She doesn't know she's being used and it would break  
her heart in two  
If she knew that she was playing the part I planned for  
you  
I should be ashamed to love her the way that I do  
But she's as close as I can get to loving you  
[ piano ]  
You'd've prove of the way that she dresses  
From her ear-rings to the style of her shoes  
I conquer everything that I remember and she's as  
close as I can get to loving you  
She doesn't know she's being used...  
But she's as close as I can get to loving you
