(David Wills - Charles Quillen)

She's so close that I could touch her but she's a million miles away
Her eyes are tellin' me what she can't bring herself to say
She don't want to hurt me so she keeps me hangin' on
She's just goin' through the motions and she's as good as gone.

Ah she's as good as gone she just hasn't say goodbye
Where did I go wrong I've asked myself a thousand times
I'm missin' her already I'm as good as all alone
Her heart's already left me and she's as good as gone
She's as good as gone.

Her clothes hang in the closet her jewelry's in the drawer
She still sleeps in our bedroom but she don't love there anymore
There's no way to reach her she's been goin' for so long
And I'm goin' crazy cause she's as good as gone.

Ah she's as good as gone she just hasn't say goodbye

Where did I go wrong I've asked myself a thousand times
I'm missin' her already I'm as good as all alone
Her heart's already left me and she's as good as gone
She's as good as gone.

She's as good as gone she's as good as gone
She's as good as gone...
