Shutters and boards, cover the windows of the house
Where we used to live
All I have left, is a heart full of sorrow
Since she said, she'd never forgive

The house that we built, was once filled with laughter
But I changed that laughter to tears
Now, I live in a world without sunshine
Ooh, I wish you were here

Shutters and boards, cover the windows of the house
Where we used to live
All I have left, is a heart full of sorrow
Since she said, she'd never forgive
Last night I dreamed that you came to our house
To take an old book from the shelf
If you'll open the shutters, I'll tear down the boards
'Cause I drove every nail by myself

That's why I say
Shutters and boards, cover the windows of the house
Where we used to live
All I have left, is a heart full of sorrow
Since she said, she'd never forgive

One more time
Shutters and boards, cover the windows of the house
Where we used to live
All I have left, is a heart full of sorrow
Since she said, she'd never forgive
