(Jerry Foster - Bill Rice)

The easy part's over now it's time to cry
The easiest part of all was saying goodbye
The easy part's over now and you are gone
Now comes the hardest part living alone.

Time is the only friend that I have left here with me
How can those healing hands of time erase your
memory
The easy part's over now we've come to the end
The easy part's over now and the hard part begins.

Time is the only friend that I have left here with me
How can those healing hands of time erase your
memory
The easy part's over now we've come to the end
The easy part's over now and the hard part begins...
