If he's the one that's always on your mind the only one  
who's love can satisfy  
If he's the one that keeps your heart alive then who am  
I who am I  
Am I no more than just a rock you needed for a  
stepping stone  
Until the right one came along  
If he's the one that live with you inside then who am I  
who am I  
[ guitar ]  
Am I no more than just a fool that held you up when you  
were down  
Until your true love could be found  
If he's the one that live with you inside then who am I  
who am I  
Yes who am I who am I
