How do some folks stay in love  
Like a honeymoon couples that can't get enough?  
How can love be tender  
Yet so tough, as it grows?

I've left you and I've come back  
So many times, I can't keep track  
What is it one of us lacks  
What do you know?

When I stop leaving and I'll be gone  
When I stop leaving you, I'll be gone  
Love's not gettin' any clearer  
Sometimes I think, it's all done with mirrors  
When I stop leaving I'll be gone

I'll be gone  
I'll be gone  
I'll be gone  
I need you and you need me  
Still we pay for love, love that's free  
Should we hang together  
Or independently and let it go

I come back, each time I leave  
We make love then we shout and scream  
Bottom line time what does it mean  
Oh, do you know?

When I stop leaving and I'll be gone  
When I stop leaving you, I'll be gone  
Love's not gettin' any clearer  
Sometimes I think, it's all done with mirrors  
When I stop leaving I'll be gone

When I stop leaving and I'll be gone  
When I stop leaving you, I'll be gone
