(Gary Stewart)

I was a man without reasons  
Until I met a special lady  
And now I know the joy of really living  
And you're the woman behind everything.

Morning comes a little easier  
When your world is waiting there for me  
Nights of the dreams I beg to see  
And you're the woman behind everything.

And darling when I need you  
You're there to pull me through  
Saying baby go on you can do it  
And all this feeling that falls over me  
And you're the woman behind everything.

Yes, you're the woman behind everything...
