What am I gonna do  
What am I gonna say  
Lying in the afterglow  
You took my breath away  
And I can't believe it  
And dream of you  
How could I ever hope  
How could I ever pray  
Looking to the stars above  
Now that we've found a way  
And I can't believe it

I love how you love me  
Forever and a day you can trust me  
Just believe I love how you love me  
I love how you love me  
No matter what will be you can trust me  
Eternally I love how you love me  
When you love me

I remember all my life  
Waiting for someone like you  
Searching for a paradise  
Everything I found in you  
And I can't believe it and dream of you  
I can see clearly now  
You're the one to guide my way  
Take away the falling rain  
Now there is a brighter day  
And I can't believe it

Love how you love me  
(When you love me)  
Forever and a day you can trust me  
(Oh you can trust me)

I love how you love me  
Forever and a day you can trust me  
Just believe I love how you love me  
I love how you love me  
No matter what will be you can trust me

(Forever)  
Eternally I love how you love me

Oh, baby  
You can love me baby  
You can trust me.
