I feel good, like I should
I was out for love and there you stood
I prayed to God to make it last
Boy, I never fell in love so fast

You give me everything I've been dreaming of
I got you under my skin, I can't get enough

Shoo bee do bee do, I like that way
Boy, I need you every single day
Shoo bee do bee do, I've found my way
Straight into your heart, please let me stay

There's a light in your eyes
Boy, you really got me hypnotized
And when we kiss
(And when we kiss)
It makes me weak
(It makes me weak)
Boy you really knock me off my feet

You give me everything I've been dreaming of
I got you under my skin, I can't get enough

Shoo bee do bee do, I like that way
Boy, I need you every single day
Shoo bee do bee do, I've found my way
Straight into your heart, please let me stay

Yes, yes, y'all, you don't stop
You don't stop that body rock
Yes, yes, y'all, you don't quit, you don't quit
Hold it, wait a minute

Lane in the house with that old school flavor
Y'all save ya, shake what your mamma gave ya
Have to adapt it in a beat that's phat
Here's the facts, La Bouche is all that

Crowds getting loud and they're begging us just to get
on down
Everywhere we go is a stomping ground

Ten thousand people with their hands in the air
Screaming out "Oh, yeah"

My [unverified] will never [unverified]
Mamma's got a brand new bag
Should be a crime to think it don't rhyme
Come on and hit me one time
(Huh)

Shoo bee do bee do, I like that way
Boy, I need you every single day
Shoo bee do bee do, I've found my way
Straight into your heart, please let me stay

Shoo bee do bee do, I like that way
Boy, I need you every single day
Shoo bee do bee do, I've found my way
Straight into your heart, please let me stay
