We were unexpected lovers
Not just ordinary lovers
Sharing unexpected love
Night's true love, true love

How can there be no love
No feelings of passion to
The way we were dancing love
How could it be untrue

We danced the night together
Until the morning light
Baby, do you remember
The music was in our eyes

We were unexpected lovers
Not just ordinary lovers
Sharing unexpected love
Night's true love, true love

On that enchanted evening
A lovers romantic night
The moon and stars were shining
The sea was glowing bright

We spent the night together
Until the morning light
Baby, do you remember
The music was in our eyes

We were unexpected lovers
Not just ordinary lovers
Sharing unexpected love
Night's true love, true love

La la la la la la la
La la la la la la la
La la la la la la la
True love, true love

La la la la la la la
La la la la la la la

La la la la la la la la
True love, true love
