A-yo Cam
Yo
Yo I know you knocked Charli off
No I did not man
Yo stop lying
Word to my mother, I did not hit that man
A-yo I'm your dog duke you can tell me
Nigga I would tell you if I did her
Yo I know you hit that , yo how the head?, how the head
kid?
Yo I did not touch her, that's like my sister
Yo, stop frontin'
That's like my sister, word to mother
Yo you lying
Whatever man whatever
Yeah, aight
A-yo Charli, what's up wit' you and Cam
Nothin' that's my dog

Saying this together
Come on now I know how that nigga roll and he look
good
Come on that's like my brother, he probably got a lil'
dick
Let me find out

A-yo see we're just alike, call it ironic
But why they don't listen when I say we're platonic
Well you know how niggas talk just for wreck
If my dick was hard and your clit was wet
A-yo a-yo Cam watch your mouth, don't disrespect
I remember when your ass got hit with the Tech
Well I remember that girl tried to slit your neck
And you remember that stank bitch hittin' the deck

Yeah that's when your pretty ass ate coochie free
though
And I took you off canal right down to Tito's
But when the cops pulled us over I had to keep the heat
low
But I gave you the money to pay off the repo'

A-yo you real funny, yo you know how we go
Yeah, motherfucking peoples, uh, without the egos
And I'll do anything for you, even give my last breath
I wish you the best, man, I love you to death

I don't care what they think about us
I don't care what they say
I don't care if they think that we're fucking
I only love you this way

Don't care about the way girls thinking you twistin' my
back
Bought the chrome almost so you can christen the Ac'
In '91 when you was young and I was dumb and
Robbing niggas splittin' the figgas wit' you boo, screw
who?
Incest, never dissed a kiss
Shine on your wrist for a birthday gift
Niggas like, you must've bent that she never would've
spent that
On Cam'ron I bought me my first box of tampons

Bleeding in the pants at the school dance
Never took a chance at romance
Although all my friends think ya fly
But me doing that, I think I'd die
We like Thelma and JJ, Brandy and Ray J
Anyone against C and C, pulled a AK
Thinkin' 'bout sucking your dick, had me sick
But if I lost my mind, you'd be the first I'd lick

I don't care if they try to avoid us
I don't care what they do
I don't care about anything else but
Me and you boo, me and you boo, me and you boo

A-yo I'm sorry yo but when it come to Charli
I wouldn't hit that, we got back like Atari, how you live
mister?
Yo you see me and CB she a wig twister
Call her my big sister, she game heads
Never wear the same threads
I wouldn't hit that if we slept in the same bed
Fucking wit' her, yo shit get sliced
Her wrist is ice and rappin', the bitch is nice

She told me how girls fool you for the bucks
And I should stay low, cool up in the cut
I told her the difference, a wooler from the blunt
That's how we get down, so cool I call her Cha'
And any girl next to her, just to run her up

That's why y'all run a muck, thinkin' that I done her up
I thought about it once when we grew up
But then I saw her naked and I threw up

I don't care what they think about us
I don't care what they say
I don't care if they think that we're fucking
I only love you this way

I don't care if they try to avoid us
I don't care what they do
I don't care about anything else but
Me and you boo, me and you boo, me and you boo

I don't care what they think about us and
I don't care what they say
I don't care if they think that we're fucking
I only love you this way

I don't care if they try to avoid us
I don't care what they do
I don't care about anything else but
Me and you boo, me and you boo, me and you boo
