I came to try  
To tell you that I've gotta let go  
Now I'm wondering why  
God knows , I don't even know

I don't care what they say  
I don't care what they do  
I don't care if it's wrong or right

This feeling inside of me  
Is more than some fantasy  
It's bigger than you and me  
It must be time for love

I've spoken my mind  
Nothing left for me to say  
Well it's black and it's white  
Nothing standing in your way

Stay the night with me  
Share your body with me  
And I'll show you two hearts on fire

Your reaching out with your eyes  
Got me so hypnotized  
Now that you realize  
It must be time for love

So hold me with all your might  
Take all through the night  
Make everything just right  
It must be time for love

This feeling inside of me  
Is more than some fantasy  
It's bigger than you and me  
It must be time for love

So hold me with all your might  
Take me all through the night  
Make everything just right  
It must be time for love

So hold me with all your might  
Take me all through the night  
Make everything just right  
It must..... (fades out)
