See the blaze that burns in me when i see You
and You look at me O Lord
On You I meditate and as I think my soul it faints for
You(x2)

Chorus:
You are my drink, You are my feast
You are my love, my souls own King
(x2)

See the blaze that burns in me when I see You
and You look at me O Lord
On You I meditate and as I think my soul it faints for
You(x2)

Your body and Your blood and I remember You
upon the cross you hung and I remember You
(x2)

Chorus
