Copas llenas de licor
Gritos llenos de orgullo, lagrimas de dolor
Con los compas a tomar
Con las chavas a agasajar

Drink, drink, drink for you and me
Drink, drink, drink cuz we can see

Que la noche va parar
Dame chela que voy a tomar

Copas llenas de terror
M?sica en las calles, amigos con amor
Los Eskapos no pueden parar
Los borrachos quieren cantar

Drink, drink, drink for you and me
Drink, drink, drink cuz we can see
Que la noche va parar
H?ganme campo que voy a bailar

Salud! Cheers! Prost! Salamat!

Drink, drink, drink for you and me
Drink, drink, drink cuz we can see
Time will go and it will pass
Let me fill your glass!

Cheers, Cheers, Cheers we all adore
Drink all night!
Don't be fucken stupid get your foot out the door
Fuck all night!
No fucken fighting cause we're all the same
Smoke all night!
Drink till death with no damn shame
Y una m?s!
