You stupid son of a bitch
Stay away from my girlfriend
Don't wanna hear your fuckin name
Don't wanna try to be your fuckin friend
I don't know you
But I don't give a fuck
Cause if you keep up with your shit
I'm gonna fuck you up

Man I will bash, bash, bash your head in
Stab you in your face
Gut you like the pig you are
Put you in your fuckin place

You stupid son of a bitch
Stay away from my girlfriend
Don't wanna hear your fuckin name
Don't wanna try to be your fuckin friend
I don't care
Who the fuck you are
Try something with my girl
I give you more than a scar

Man I will bash, bash, bash your head in
Stab you in your face
Gut you like the pig you are
And put you in your fuckin place

If I see you walking down the street
Gonna bust you upside your head
Knock you off your feet
Then I will bash, bash, bash your head in
Stab you in your neck
Douse you in some gasoline
And light you with my cigarette.
