Oh the north wind is blowin
Soon I'll be goin on my way
There's nothing here for me
You've made that pretty clear
So I'll depart
With a little bit of heaven and a
Whole lot of hell in my heart

There's a train around nine
And the end of the line is miles away
I'll drown my self in drinkin
And every time I think of you I'll find
A little bit of heaven and a
Whole lot of hell in my mind

Time and distance
I hope will do the trick
You're the sweetest habit
I've tried to kick
And I can tell its gonna be hell

I'm travelin light
But that's just the polite way to say
I'm down on my luck
Some say that you took me for a ride
Gave me a little bit of heaven and a
Whole lot of hell here inside

Time and distance
I hope will do the trick
You're the sweetest habit
I've tried to kick
And I can tell its gonna be hell

Time and distance
I hope will do the trick
You're the sweetest habit
I've tried to kick
And I can tell its gonna be hell

Oh the north wind is blowin
Soon I'll be goin on my way

There's nothing here for me
You've made that pretty clear
So I'll depart
With a little bit of heaven and a
Whole lot of hell in my heart

With a little bit of heaven and a
Whole lot of hell in my heart

With a little bit of heaven and a
Whole lot of hell in my heart
