No time at all
That's all it took
For me to find an answer in your loving look
I never thought I'd ever fall
But then you came along
And took no time at all

The wasted time
The empty years
The lonely nights I tried to drink away my fears
Life wasn't life, as I recall
Then you changed everything
And took no time at all

CHORUS:

Time waits for no man
And I could see
That time was not about
To change its ways for me
Time turned me bitter
Time turned me cold
You put the sweetness back
And turned my grey to gold

REPEAT CHORUS:

No time at all
That's all it took
For me to find an answer in your loving look
I never thought I'd ever fall
But then you came along
And took no time at all
Then you changed everything
And took no time at all
