You're playin hard to get
Slow burnin like a cigarette
But I can smolder too
Takin' my time over you

They say there's no time to delay
City of Rome wasn't built in a day
You may be over due
Takin' my time over you

No good worrin
I'm not the hurrin kind
Things left longer
Get sweeter and stronger with time
Like wine

You're actin so aloof
You wont be the cat on my hot tin roof
But I can cool it too
Takin' my time over you

Takin' it nice and steady
Until your ready to fall
When the sun breaks through over me and you
I'll be at
Your door

No good worrin
I'm not the hurrin kind
No No
Things left longer
Get sweeter and stronger with time
Like wine

Someday you'll know what you got
Before you know it you'll be fallin hard
Until it all comes true
Takin' my time over you
Takin' my time over you
Takin' my time over you
