When you lie in your bed
Running dreams through your head
Now and then think of me
Spare a moment for two
For the love that we knew now and then
Think of me
And I'll keep you apart from the rest of my heart
Above every feeling I have ever known
One love reins supreme
In my castle of dreams
In my heart dear you stand all alone

Only one
There's one only one you'll see
Only one
One heart in all eternity
And Darling you're the only one for me

When you take from the past
All the memories that last let me know
I'll be there
Don't let time take away every sweet yesterday
Let me know you still care
Through sunshine and rain
Through laughter and pain
I'll carry the flower of the love you have sown
There will be others I guess
But I will always confess
In my heart dear you stand all alone

Only one
There's one only one you'll see
Only one
One heart in all eternity
And Darling you're the only one for me

Only one
There's one only one you'll see
Only one
One heart in all eternity
And Darling you're the only one for me

Only one
There's one only one you'll see
Only one
One heart in all eternity
And Darling you're the only one for me
And Yes Darling you're the only one for me
