Well now it takes more than a robin to make the winter
go

I know it takes two lips of fire to melt away the snow
Well it takes two hearts a cooking to make a fire grow
And baby you've got what it takes

Yeah you know it takes a lot of kisses to make a
romance sweet

Uh it takes a lot of lovin' honey to make my life
complete

I done told you it takes a lot of woman to knock me off
my feet

But baby you've got what it takes

Well I said uh huh and I said uh huh

You know you've got just what it takes

It takes more than an effort to make me stay away from
you

And it takes more than one lifetime to prove that I'll be
true

But it takes somebody special honey to make me say I
do

And baby you've got what it takes

Come on baby I said uh huh yeah uh huh

You know you've got just what it takes

Well it takes more than an effort to make me stay away
from you

And it takes more than a lifetime honey to prove that I'll
be true

And it takes somebody awful special to make me say I
do

Baby you've got what it takes

And baby you've got what it takes

And baby you've got what it takes
