I just came in here tonight to get somebody off my  
mind  
I just want to be alone my heartache and my wine  
So if it's all the same to you my friend just be on your  
way  
I can see you've got problems but I've had my share  
today  
I'd be glad to help you out just show me which way you  
came in  
I've got troubles of my own in fact my world just fell in  
Your sad tellin' has touched but go tell it to a friend  
I'd be glad to help you out just show me which way you  
came in  
[ steel ]  
Now don't think that I'm so unconcerned about your  
happiness  
You need someone to talk to it help one to confess  
But your problems are so simple when you lay them  
next to mine  
So just mosey on now Mister you're just taking off my  
time  
I'd be glad to help you out..  
I'd be so glad to help you out just show me which way  
you came in
