Listen to the dream of life - a conversation
Hustle me beneath a spark - flesh or reflection
Faith can't hold insto-matic soul - trapped the light
A fool for love stand'n still - deep is the night!
[Jump in the back - a pack attack! Gimme that - dig in!
Lethal mind -
fugitive kind - Hustle!]
[Jump in the back - a pack attack! Gimme that - dig in!
Lethal mind -
fugitive kind - Hustle!]
Steal'n back the past ahead - that's how I'm roll'n
Trick racer so desperate - that's how I'm livin'
Dead heat shred the midway air - I see forever
Drag-O-Rama kick'n in - no say never!
[Jump in the back - a pack attack! Gimme that - dig in!
Lethal mind -
fugitive kind - Hustle!]
[Jump in the back - a pack attack! Gimme that - dig in!
Lethal mind -
fugitive kind - Hustle!]
Scrimshaw motherfucker bazooka 5-star cat a howl'n!
Kitten got a whip but no escape to bait the prowl'n,
yeah!
[GO! GO! GO! GO! GO! GO! GO! GO! GO! GO! GO! GO!
GO! GO! GO! GO!]
If hell is like a woman, said "Take me to the fire!"
Shot down!! Another desperate love crucifier!
Yeah! Boiling out of nowhere - crazyhead decision
Skintight on the action grind into collision, yeah!
Breath'n seeped into my head - the gang is bang'n
Pump the creature daddy-o - spring-loaded hang'n
Everything ya always need - right for the taking
Shoot the works the haunted hill house is a shak'n
