Woven in the surface a premonition of a land erupting  
a sparkling occasion of a city crashdown!  
overhead revolv'n in a whirlpool a drag-o-rama walk'n  
on the sidewalk so let me see ya howl'n  
through the keyhole "god damn, swept away" she  
shouted - she love it - get in away yeah! I  
concentrate the midnight without the benefit of  
ceremony - whoever said, "The one who strips your  
soul is the one that got away" a weather-beaten angel  
descending to embrace the cemetery - got  
love - so mystifying "god damn, swept away" she  
shouted - she love it - get in away - yeah! voodoo  
beat on the mind the digs too deep to find something

moon is shift'n shadows on her figure -  
swamptime locomotion "i can't take it, anymore!"  
sunlight through the shutters illuminating moment to  
the moment buzz a halo over "god damn, swept away"  
she shouted - she love it - get in away - yeah
