Hello there, oh how I really tried talkin' to you  
I came over there to catch your eye  
'Cause you, you're the girl who listens  
Into everything I'm talkin' 'bout

I've been waitin' now that we're here  
To make some love and advance  
Find a place where we can settle down  
It's the first time, you know we just met  
For the first time, love  
Come on over here and speak to me

I came this far to be with you  
I'd like for you to know the truth  
To have you with me every day  
I'll change my life in every way

[Chorus:]

I can't wait, oh, giving you up  
Give you up, give you up  
(I need your lovin' here with me tonight)  
(I won't) oh, giving you up  
Give you up, give you up  
(I'll guarantee you I can make things right)  
(I won't)

I'm not asking you, darlin', to give me up  
I wouldn't do that to you  
Why can't we wait 'till we go away  
We can reach inside and find our hearts  
Hey, you know you're the first  
To go and follow me in here  
I can't afford to give this up and let you down  
No, girl

I'll tell you just the way I feel  
I'm not the kind who lies to tease around  
I need you love with me tonight  
I'll make it right for you in every way

[Chorus/add lib:]

I can't wait, oh, giving you up  
Give you up, give you up  
(I need your lovin' here with me tonight)  
(I won't) oh, giving you up  
Give you up, give you up  
(I'll guarantee you I can make things right)  
(I won't)
