(Intro)

I don't play that
So why you wanna say that
I'm on my way back
So start the playback
I don't play that
So why you wanna say that
Start the playback
I'm on my way back

(Verse)

They got me working double time because I'm armed
and famous
And the people don't care just who you are
When their armed it's dangerous
I'm so tired of hearing these same old lies
People saying that it's not my rock
I got 16 reasons why ya better listen 15 in my magazine,
One in my glock

(B-Section)

I heard the children say
Daddy's beating mama come right away
She's denying all his crimes
Just to protect him of any time
So they called the cops and I'm on the spot
Cause I've been there once before
Yep her eyes are black
And her skull is cracked
And the list goes on and on and on

(Chorus)

I don't play that
So why you wanna say that
After all the shh that I been through
I'm on my way back
So start the playback
This song I wrote for you
I don't play that
So why you wanna say that
After all the shh that I been through
Start the playback
I'm on my way back
But now I'm Armed & Famous too

(Verse)

Get a call from the chief in the middle of the night
That's right, I'm on the next flight
If you want me, you need me, no matter where I may be
Even if I'm on at the Mic
I'm so tired of seeing people die from crimes
When I bust you, you gonna do time
And if you don't listen to what I say
Twenty-five to life, just a killing away

(B-Section)

(Chorus)

(Bridge)

Put your hands up in the air, and turn around, with your
back facing me
I said put your hands in the air
What are you reaching for
HE'S GOT A GUN!
Get your hands out of you pocket
