I came from a wealthy family  
I joined the clan because I wanted to learn a special  
Kung Fu  
To be a real expert and an actual fact  
I've just become a killer, killing, that's all I know  
Death, every day another

Gun rule  
We gon' make this spicy  
It's La Trapacanty right here  
You know? And we gon' do it like this  
Yeah, Darkman

Yo, yo, watch the Corleone give neck ties and puff  
bones  
Stick Arabs for the crystals like Indiana Jones  
Witness, La, hands of stone on this action packed  
odessey  
Majesty livin' out the golden book prophecy  
Unstoppable, Iron Shiek of rap speaks  
Blaze a tree in the street, blue and gray Benz jeep  
Tasmanian, rebel, new Wu tycoon  
Two thousand-five lyrics, you'll catch on soon  
New entrepreneur, no match to go to war  
On tour, blowin' smoke out the four by four

Enjoyin' life, I don't know a man who live twice  
Cee-Lo, king, rollin' dice, holdin' Glaciers of Ice  
Playin' ninety-seven matten at the loft of Manhattan  
While I get blitzed and rich, watch him run short flicks  
With a bad chick, La been raw since eighty-six  
On the block, new kicks with chalk and skunk mitts  
Son, I'm fortunate to still be here, shells is close  
City Lights, La The Dark, stay conceilin' the toast  
'Cuz thieves who deceive get loot the most  
But thieves that see me are left Holy as the Ghost

For that lucci, it's all about that lucci  
Lucci, it's all about that  
Gettin' money in many ways in these last days  
With Venom written wisdom, I have to say crime pays

Hey, lucci, it's all about that lucci  
Lucci, it's all about that  
Gettin' money in many ways in these last days  
With Venom written wisdom, I have to say crime pays

I'd rather die if I'm not livin' fly, now Y  
Can't get a job with a corporate, fuck it, I'm gettin' high  
Suicide committed in cells, dwellers square as hell  
Children can't have a chance with impairable bells  
Sufferin' in a jail, I don't recognize a soul  
Reach one with a cold force, gon' be the one that have  
to be told  
Behold the son of God with a scroll  
Flame throwin' lyrics, niggaz better stop, drop and roll  
Lyrics is gold, Darkman pushin' up in the land  
Hit a spot for a Rolex watch, two thousand grams

Now dip, 'cuz loose lip shorts ain't shit  
But in this drug rap, I bang like the Bloods and the  
Crips  
Guns and clips seen to make my state rotate  
Stayin' close to a hornet, drinkin', bustin' that jake  
Holdin' my weight, now a purchase 'bout to case  
When I coke 'em and drop 'em it equal Cali  
earthquakes  
I escape, baggin' worth, pawn porcelain plates  
Get ill like Al Capone after sniffin' that ape  
And my state from the halls of Hell  
Sing-sing stick a spear through your chest like an ear  
and an earring

For that lucci, it's all about that lucci  
Lucci, it's all about that  
Gettin' money in many ways in these last days  
With Venom written wisdom, I have to say crime pays

Hey, lucci, it's all about that lucci  
Lucci, it's all about that  
Gettin' money in many ways in these last days  
With Venom written wisdom, I have to say crime pays

Niggaz and sneakers and over-night night crawler  
creapers  
Cake junkies on the Jones plannin' a heist to get ya  
speakers  
In that Acura, same soldiers attackin' ya  
Desert camellion, no civilian, better know as Dracula  
Seven, I'm 'bout to see about a half a mil'  
With twenty niggaz perfectin' in Kung Fu skills

And fuck bitches, they only want they name on my will

And all you half-ass rappers, kid, you'll need to be  
killed  
My shit is ill, the eels gave birth to my friend  
I represent on all tracks like the number four train  
Maintain, it's all about the cheese you gain  
I get the studies, then the money and the bitches, fuck  
the fame

Hey, lucci, it's all about that lucci  
Lucci, it's all about that  
Gettin' money in many ways in these last days  
With Venom written wisdom, I have to say crime pays

Hey, lucci, it's all about that lucci  
Lucci, it's all about that  
Gettin' money in many ways in these last days  
With Venom written wisdom, I have to say crime pays  
Hey lucci, lucci
