You put my face on ah cover of ah magazine  
Spreading rumors that are so obscene  
True or false the storys never rental clean  
She said this, she did that too

Use to think I was dumb enough to hurt my ass  
I don't care is your ass getting this?  
Yeah, you got your fifteenth minutes worth of fame  
Smarter now I got your game

You made me out to be a drama queen  
Crazy & insane is what they thought of me  
I never knew just what to do you try & hurt me  
Now the drama's through

(Chorus:)  
No drama  
No drama  
No drama  
No more drama  
How could you do this to me  
No more drama  
Had enough of that  
No drama  
No drama  
No drama  
No more drama  
Now why won't you let me be  
No more drama  
Had enough of that

I always kept a smile on my interviews  
One false move & I be black 'n' blue  
And then so quiet  
I had a lot of healing to do  
Done with that  
Those are the facts

Now I'm free to do the things I wanna do  
Doesn't matter what I have been through  
My career is the only thing I answer to

Like Janet said I'm in control

Never believe all the things you hear  
Gossip sells so they don't care  
I never thought I make it, but I did  
Over now the drama's through

(Repeat Chorus:)

No drama  
No drama  
No drama  
No more drama  
How could you do this to me  
No more drama  
Had enough of that  
No drama  
No drama  
No drama  
No more drama  
Now why won't you let me be  
No more drama  
Had enough of that

(Echo Voice)

Wake Up  
Wake Up  
Wake Up

(Echo Voice)

Wake Up  
Wake Up  
Wake Up

(Repeat Chorus:) 3X

No drama  
No drama  
No drama  
No more drama  
How could you do this to me  
No more drama  
Had enough of that  
No drama  
No drama  
No drama  
No more drama  
Now why won't you let me be  
No more drama  
Had enough of that
