Some people ask me, what does a stranger, stranger do?

Well, some people ask me, what does a stranger, stranger do?

Well, a stranger wears ragged clothes  
And stuffs newspaper in his shoes

Well, I'm a stranger, I'm a long way from home  
Yes, I'm a stranger, baby and I'm a long way from home

Well, because I'm a stranger  
People wanna try to do me wrong, do me wrong

What you gonna do, baby, when your troubles get like mine?

Well, what you gonna do, baby, when your troubles get like mine?

Well, I know you wanna go spend all my money  
Shake and stitch up all the chance

Yes, I'm just a stranger and I'm just shifting through your channel

Well, I'm just a stranger, baby and I'm just passing through your channel

Well, now you know, just because I'm a stranger, baby  
And all your fears want to dog me around
