"Devil Is A Girl"

Lovely little sister, she has you sucked in her whirl
Foxy little creature, she'll spin you head till all's a blur
Making you wonder if indeed, making you wonder hard
indeed
Making you wonder hard if the devil is a girl
Naughty little angel, she has you under her thumb
Artful little enchanter, she has you under her command
And if - she - doesn't like you, she will make you turn
around,
And if - she - can not change you, she can always throw
you out!
Leaving you wonder if indeed, leaving you wonder
hard indeed
Leaving you wonder hard if the devil is a girl
