Living in constant fear  
No control how it starts  
You're trapped within yourself  
It makes you so weak at heart  
Praying for your life  
Wishing you were home  
It's not a pleasant choice  
To choose to burn or drown

You're standing on the edge  
Don't take that final step  
You might wind up dead

It's rising by degrees  
It's a mortal enemy  
Burning down below  
Fire in the hole

Steal their lives away  
Kill without a sound  
Do the damage hard  
Slaughter underground

Pull the pin of fate  
Sow the seeds of hate  
Kill to dominate

It's rising by degrees  
Falling under siege  
Burning down below  
Fire in the hole

Panic fills the air  
Rising wildfire  
You've only got one chance  
Seems like suicide  
It only takes a spark  
To light the fatal flame  
Only one foolish move  
Of pawns who play the game  
Pawns who play the game

It's rising by degrees  
It's sheer catastrophe  
Burning down below  
Fire in the hole
