Here comes that feeling  
My head is reeling  
Feel like a number  
Breath getting shorter  
I've reached the point of no return  
I'm fading fast as my blood runs cold  
Pressure seems like a stranglehold  
Getting crushed as the walls cave in  
Pay the man for your final sin  
Feel like a number  
Breath getting shorter  
I can see no future  
I can go no further

Nothing left  
Self destruct  
Lose my head  
Self destruct  
Chance this threat  
Self destruct  
Race with death  
Self destruct

So you're a fighter  
Rocket igniter  
Come taste the fire  
It's your desire  
I've seen so many crash and burn  
So you think you can beat the test

You're gonna die like all the rest  
Your head is heavy and you still don't see  
Lost your mind to a bad disease  
Come taste the fire  
It's your desire  
Your heart feels so frozen  
To find you've been chosen

Nothing left  
Self destruct  
Lose my head  
Self destruct

Chance this threat  
Self destruct  
Race with death  
Self destruct

Come taste the fire  
It's your desire  
You can see no future  
You can go no further

Nothing left  
Self destruct  
Lose my head  
Self destruct  
Chance this threat  
Self destruct  
Race with death  
Self destruct
