Take a look, ain't he all
one could ever wish for,
Perfect match for each heart,
And don't he look every part

Mr. master of charm,
natural harm
He won't crush, he just scars
God, he's a God

Isn't he beautiful?
Ain't he a dream come true
Doesn't it break your heart?
How they swarm around
Isn't he beautiful?
Truly a dream come true
Doesn't he break your heart?
And he hurts and so must they,
Golden hearts and pearls

Hearts and flowers and lies,
keep the fiction alive,
Take a look, ain't he pro
with illusion and show,

Mr. master of charm
natural harm
he won't crush, he just scars
God, he's a God

Isn't he beautiful?
Ain't he a dream come true
Doesn't it break your heart?
How they swarm around
Isn't he beautiful?
Truly a dream come true
Doesn't he break your heart?
And he hurts and so must they,
Golden hearts and pearls
