Machine girl she really tried but years went rushing by  
She wished to stop but never had the time

Machine girl - she tried to say but not a sound came out  
Ahe always wished her luck would come around

And soon she won't feel a thing  
And really soon she won't feel a thing

Machine girl, she really tried but never had the time  
To stop to think things over and decide  
To read those thoughts of hers, make up her mind

And soon she won't feel a thing  
And really soon she won't feel a thing

(Đ´ĐµĐ²Đ³¼Ñ‡Đ°Đ° Đ¼Đ°Ñ^Đ,Đ½Đ°...)

And soon she won't feel a thing  
And really soon she won't feel a thing
