Rousing to see how you squirm,
And I rejoice your damn turn,
Out of the sight, not my life
You're on the watch for a new try

I'm gonna watch you go down,
I'm gonna watch how you're wried,
I'm gonna watch you go down,
I'm gonna watch how you find; you're on end

Madness will grow as you worm,
I'm growing strong on your damn turn,
Out of the sight still alive,
You're on the watch for a new try

I'm gonna watch you go down,
I'm gonna watch how you're wried,
I'm gonna watch you go down,
I'm gonna watch how you find; you're on end

Rousing to see how you squirm,
And I rejoice your damn turn,
Out of the sight, not my life,
You're on the watch for a new try
I'm growing strong on your damn turn,
Out of the sight, not my life,
You're on the watch for a new try,
Rousing to see how you squirm,
And I rejoice your damn turn,
Madness will grow as you worm,
I'm growing stronger day by day,
I'm growing strong.
