CALLIN'

(Music & Lyrics by S. Guadagnoli)

See it's coming, it's callin'
D'ya wonder planet's callin' revenge
Look up overthere what a grey sky
Comin'atcha does'nt really mater who U R
No fame, money, trust
Chorus
I hear you callin' as the drum beat goes
WHO's
WHO's
Gonna lead your moves
When it's callin' you just gotta move on
Gettin' out of yr car to see it goin' so far
Everybody's tuning with the frequency
Bring the bass on the top of the car
Get up! Get on it? there's million people down the
streets
We're gonna raise this vibe up to the sky and he'll bring
it back vibration's cut
See it's coming, it's callin' ????.Down!
We were coming back from nowhere, failed decoding
message from above
It seems we're goin' to light a new starChorus
When it's callin' U're may ready or not
Taking all U can to the bag
But there's nothing you are leaving here
That you will not find in the nu place
No fear to the final edge ?B what U wanna B do what U
wanna do
It's now or never take a chance to find your way
See it's coming, it's callin' ...down!
We were coming back from nowhere, failed decoding
message from above
It seems we're goin' to light a new star
