I've been dreaming of a red bird  
And the peace of it's gentle wings  
It's an omen of better things  
I've been waking with the same pain  
That makes me wanna sleep  
And dream of a red bird  
So build us a nest, for I've chosen to leave  
For I'm so heavy here  
Come to me tonight and I'll be waiting  
With my wings  
I will have left the weight behind me that  
The blood of man brings  
Where there once was despair  
Tonight I'll be free  
And the slings and the stone that uncovered my bones  
will have flown my memory  
I've been dreaming of a red bird  
It's sings of a way out, it sings of release  
It's been tapping on my window  
To remind me it's waiting  
And that I have a choice  
So build us a nest, for I have chosen to leave  
For I am so heavy here  
Come to me tonight and I'll be waiting  
With my wings  
I will have left the weight behind that  
The blood of man brings  
Where there once despair  
Tonight I'll be free  
And the slings and the stones that uncovered  
my bones will have flown my memory  
Take me away from here  
I am not equipped for such strain  
Take away the fear  
How do you prepare for the pain  
Now I'm leaving with a red bird  
As my arms leak again  
I am so happy here  
Come to me tonight and I'll be waiting  
With my wings  
I will have left the weight behind that  
The blood of man brings

Where there once was despair  
Tonight I will be free  
And the slings and the stones that uncovered  
My bones will have flown my memory

I've been dreaming of a red bird  
And the peace of it's gentle wings  
It's an omen of better things  
I've been waking with the same pain  
That makes me want to sleep  
And dream of a red bird  
Been dreaming of a red bird...
