She's in love but she doesn't know
What she needs or how to let go
I feels like being married
She was too young to miscarry
She says
"Bye bye my childhood dream man
I will keep in touch if I can
Spent the best years of my life with you"
Happens every time
You start to lose yourself
You turn to blame the one
That loves you the most
To stay and work it out is harder
Than to run away
So she leaves a note
Because to his face she couldn't say
"Bye bye my childhood dream man
I will keep in touch if I can
Spent the best years of my life with you"
Hold on if you can
Hold on
So all things fade in time
But what was once so bright
Somehow no longer shines
Caught the pain at last
Thought he was the one
Thought she had the strength to hold
"Bye bye my child hood dream man
I will keep in touch if I can
Spent the best years of my life with you"
"Bye bye my teenage angel
I don't know how the spell was broken
I don't know what I'm doing, but I'll miss you
I don't know what I'm doing but I'll miss you
I don't know what I'm doing but I'll miss you"
